# Welcome to getgeeked!

First of all, thank you for coming out to getgeeked San Francisco!  
Without your passion for technology, we don't exist.

If you have any feedback - good or bad - don't hesitate to let us know. Grab one of us and tell us or send an email to [feedback@getgeeked.tv](mailto:feedback@getgeeked.tv) any time.

We've tried to create an event where everyone is welcome because geeks come in all shapes and sizes and technology is pervasive in all our lives.

We've got a ton of cool products and services for you to check out and, of course, you'll have lots of chances to win things too! More on that later.

Keep in mind, the companies with us at getgeeked San Francisco are the ones that realize how important it is to interact directly with real consumers. That's pretty cool.

So go check out their products and tell the sponsors what you think because if they're here, they want to know. And, of course, grab all the swag you can carry and have a great time.

And don't forget to share! The more content we create, the bigger our next event will be! So, Take lots of photos and videos, tag them #ggSF and post them everywhere.

# thank you to our sponsors

Before we do anything else, we'd like extend a HUGE thanks to the awesome companies exhibiting at the very first getgeeked New York event.

# getgoing: today's agenda

6:00 - 6:30 PM

## *The Future: Imaging Technologies*

*Presenter: Caroline Tien-Spalding, Senior Director of Product Management and Marketing, ArcSoft*

It's no secret that imaging technology is everywhere. From the smart home to the selfie, self-driving cars to drones, cameras have become integral to the way we work, play and live - and their images and analytics are poised to power the next wave of innovation. While the selfie outgrows its fad label and begins revolutionizing the online shopping experience, face and object recognition will become major drivers in the advancement of the connected home and security. With its constant achievements in face recognition and image analytics, intelligent imaging leader ArcSoft is at the forefront of it all.

At getgeeked San Francisco, Caroline Tien-Spalding, Senior Director of Product Management and Marketing at ArcSoft, will discuss the impact of imaging technology on our technological world and announce a new app feature advancement from ArcSoft that will lead a new imaging trend for many years to come.

6:30 - 7:00 PM

## *Grab, Mash, Make with Sprout*

*Interviewer: Harry McCracken, Technology Editor, Fast Company*  
*Presenter: Eric Monsef, Vice President and General Manager, Highly Immersive Systems, HP*

HP's Immersive Computing leader, Eric Monsef sits down with Fast Company's Harry McCracken to discuss new advancements to Sprout - the innovative PC system launched October. Among the developments showcased at getgeeked include Sprout's 3D scanning, editing, and printing features and applications, taking the world's first immersive computer to a whole new level.

7:00 - 7:30 PM

## *The #Selfie Celebrity: How User Generated Video Is Changing The Face Of The Web*

*Presenter: Reid Genauer, Chief Marketing Officer, Magisto*

We're at the dawn of a new age of video expression - "Video 3.0". From sharing personal life experiences to citizen reporting we're witnessing a new web that is permeated by user generated video. It's exponentially the most powerful consumer language that includes live personal streams, video messaging and produced personal movies at unprecedented scale.

8:00 - 8:30PM

## **How Much is too Much? Talking Content with Slingbox and Plex**

**Moderator: Beth Blecherman, Founder and Editor, TechMamas.com**

**Presenter: Mark Vena, Vice President of Worldwide Marketing, Sling Media**

**Presenter: Scott Hancock, Chief Marketing Officer, Plex**

It's been almost 20 years since Bill Gates famously declared Content is King, but the quote rings more true every day. One has to wonder, however, if even Gates could have imagined that so much media content would someday be accessible virtually anywhere and anytime.

In this session, TechMama Founder Beth Blecherman is joined by Mark Vena, VP of Worldwide Marketing at Sling Media and Scott Hancock, CMO at Plex, two companies at the center of helping consumers access and manage the massive amounts of commercial and personal content at their fingertips. Don't miss what is sure to be a fascinating conversation about the current and future implications of a world where content is king... and the kingdom is everywhere!

**PRIZE ALERT - The first 50 people in the theater for this session will have a chance to win a Slingbox 500 or Plex Lifetime Pass**

9:00 - 10:00 PM

## **SF New Tech Demo Hour!**

**Emcee: Myles Weissleder, Founder & CEO, SF New Tech**

**Presenter: Francois Poirier, CEO, MakerBlocs**

**Presenter: Nick Kohut, CEO, Dash Robotics**

**Presenter: Meng Li, Co-founder & CEO, Moov**

**Presenter: Patrick Donohue, CEO, HearNotes**

**Presenter: Jason Domangue, Vice President of Marketing, Piper**

Hosted by SF New Tech, a world-renowned live platform for technology startups to share their latest innovations in front of sold out audiences, this fun session will feature five-minute demos from some of the super hot startups exhibiting at getgeeked San Francisco. There will be audience Q&A after each demo and prizes for the audience. This session is definitely worth staying to the end of the show for.

**PRIZE ALERT - The first 50 people in the theater for this session will have a chance to win a Piper nv or Moov**

# getwinning: contest rules

Okay, here's the deal. You will not find better odds to win gear anywhere else, but you do have to earn your entries! So charge up that computer in your pocket, get those social media apps front and center and let's have some fun.

## Goodie Bag Surprise Giveaway

The easiest way to win at getgeeked San Francisco and the only contest where you actually take the prize home tonight. Just check your Goodie Bag for a postcard that says you won! If it's there, jump up and down and scream and shout and then follow the instructions on the card.

## Official Twitter Contest

Just tweet the event hashtag (#ggSF) and the Twitter handle of the company that makes product you're trying to win. That's it. Use the rest of your 140 characters any way you want. Like telling folks what an awesome time you're having and how cool that company's gear is! Winners will be notified after the event and prizes will be shipped directly from participating companies.

@DEVIALET

@Dlink

@MakerBloks

## Official Instagram Contest

Just post a photo to Instagram with the event hashtag (#ggSF) and tag it with name of the company that makes product you're trying to win. That's it. The photo doesn't even have to be of the product or the company's exhibit... but it should be! Winners will be notified after the event and prizes will be shipped directly from participating companies.

## Exit Interview Contest

Just stop by the Exit Interview area and record a short video telling us what you thought of the show and what you saw that you're geeked about and you'll be entered to win a \$250 Amazon Gift Certificate.

## Conference Raffles

There will be prizes raffled off at the end of 8 PM and 9 PM conference sessions. Only the first 50 people entering the theater for these sessions will receive raffle tickets. For details on what's being given away, see the conference agenda section.

# About getgeeked Media LLC

getgeeked Events are produced by getgeeked Media LLC, a New York based startup founded by Barry Myers. Prior to getgeeked, Barry created gdgt Live and oversaw its transition to Engadget Live after gdgt was acquired by AOL in 2013. Before that he co-founded DigitalLife, a four day event at the Javits Convention Center in New York that was produced by Ziff Davis. getgeeked Media's mission is simple - to create face-to-face events and online communities where tech enthusiasts and companies can get to know each other better.

## Membership

If you didn't sign up to become a member of getgeeked when you registered, we sure hope you'll consider it. We're building a community of tech enthusiasts to give feedback to companies about their products and services before they're launched! For more information and to sign up, just go to <http://getgeeked.tv/membership/>.
